Agenda Items 3 and 4 are an ordinance and right-of-way agreement that would update the small cell ordinance we adopted in 2019. Both items were introduced and discussed at the January meeting by Town Attorney, Ron Bolt. The 2019 ordinance was in response to an FCC Order compelling jurisdictions to have “published” design standards in place before enforcement. We noted at that time that the ordinance would need to be revisited once national litigation was resolved and once we knew what regulations, if any, would be adopted by the State and County.
